### Introduction of SELPALocal Plan

### SEPALocal Plan

The Individuals with Disabilities Education Act 20 *United States Code* (20 *USC*) Section 1400 et seq. and related federal regulations, require each special education local plan area (SELPA) to ensure a continuum of program options are available to meet the needs of students with disabilities for special education and related services.

• The Local Plan for special education must be developed and updated cooperatively by a committee of representative special and general education teachers and administrators selected by the groups they represent; and with the participation of parent member(s) from the community advisory committee (CAC), or parents selected by the CAC. SELPAs are responsible for making certain there is adequate and effective participation and communication.

• SELPAs must ensure a continuum of special education service options are available to students with special needs.

## SEPALocal Plan

SELPAs must complete Sections A, B, D, E and Attachments I–VII of the Local Plan using the current CDE approved templates.

- Section A: Contacts and Certifications
- Section B: Governance and Administration
- Section D: Annual Budget Plan
- Section E: Annual Service Plan
- Attachments I-VII:
  - Local Educational Agency (LEA) Listing
  - Projected Special Education Revenue by LEA
  - Projected Expenditures by Object Code by LEA
  - Projected Revenue by Federal, State, and Local Funding Source by LEA
  - Projected Expenditures for Supplemental Aids and Services in the Regular Classroom for Students with Disabilities and Those Identified with Low Incidence Disabilities
  - Specialized Academic Instruction and Related Services

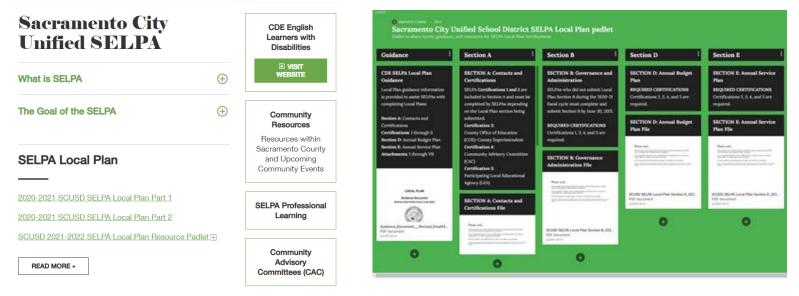

# Section D Annual Budget Plan

California Education Code (EC) Section 56205(b)(1) requires the Section D: Annual Budget Plan of a SELPA's Local Plan to identify specific components including:

- describing elements of the SELPA's Allocation Plan;
- identifying revenues received by the SELPA and its distribution to each local educational agency (LEA) within the SELPA;
- identifying expected expenditures.
  - In accordance with EC Section 56205(b)(1) identification of the following elements is facilitated by the Standardized Account Code Structure (SACS)

## Local Plan

A SELPA District website and Local Plan padlet were created to provide the opportunity for public input.

# Local Plan Section E Annual Service Plan

Special education instruction and related services are an integral part of the public education system and afford individuals with exceptional needs with their right to participate in free appropriate public education.

Special education programs are designed to provide education in a manner that promotes maximum interaction between individuals with exceptional needs and those students who are not disabled. One of the ways this is achieved is by ensuring special education instruction and related services are offered to address the unique needs of each student.

The Annual Service Plan and related attachments of a SELPA Local Plan includes:

- A description of services to be provided (for the purpose of demonstrating that all individuals with exceptional needs have access to instruction and services appropriate to meet their needs as specified in their individualized education program [IEP]);
- The nature of services;
- The physical location at which the services will be provided

### Maintenance of Effort & Local Contribution

- Federal law imposes a maintenance of effort requirement (MOE) on state and local spending for special education, mandating that local education agencies spend at least as much each year as they did in the preceding year to receive federal special education funding
  - Majority of the local spending on special education is comprised of the general fund contribution
  - Final determination of meeting the MOE is determined with the year end closing process
- Projected 2021-22 General Fund Contribution = \$81.1M
  - \$8.6M higher than 2020-21 projected contribution of \$72.4M
- Prior to the COVID-19 pandemic, the year over year average contribution grew by 13%
  - \$44.2M in 2014-15 to \$70.7M in 2018-19

# Charter Schools

- Federal and state special education funds are provided to the SELPA via ADA.
- LEA Charter Schools are responsible for providing special education. LEA Charter Schools and SCUSD established a Memorandum of Understanding (MOU) for SCUSD to provide special education staffing and program.
