School Description

Our mission: Building Scholars with Positive Character and Social-Emotional Learning Competencies

Our achievement goals: A minimum of 80% of students assessed in Grades K through 3rd achieving grade level proficiency by the end of the academic school year.

We monitor progress by reviewing data through curriculum embedded assessments, formative and summative assessments aligned to Common Core State Standards (CCSS) and school climate data (such as parent events, citation numbers and attendance).

To achieve our mission and goal we offer the following to the parents and students of our community:

High-quality direct instruction aligned to the CCSS for all students in Language Arts, Math and English Language Development. K-3 teachers participate in professional learning collaborative with the County Office of Education in English Language Arts, including writing development, and provide in-class demonstration lessons for grade level colleagues throughout the school year.

Dual Language Spanish Immersion: Meeting the criteria set forth by Proposition 227, we offer students the opportunity to participate in a research-driven program that teaches students to become bilingual/bi-literate in English and Spanish. This program is designed for students who will participate in the program from kindergarten through the 3rd grade.

Boys & Girls Club After School Program: The after school literacy-based program is available for all our students. BGC allocates time for assistance on homework and works to improve the literacy for all students in the program. The program operates from 2:57 to 6 p.m. Monday, Tuesday, Wednesday and Friday, and from 1:57 to 6 p.m. on Thursday.

Enthusiasm and commitment: Our teachers meet weekly in grade level teams during Collaborative Thursdays to review instruction and learning practices, plan and design instruction to meet the needs of all student and review student progress and data. All teachers meet with parents to establish goals for students and communicate with parents on a regular basis. Teachers also provide additional learning time to students through before-/after-school intervention.

We have following programs: Dual Language Immersion (Spanish) Program, Title I, School Improvement, Head Start Preschool, and Special Education. Parents are encouraged and welcomed to visit and participate in supporting student learning in and out of the classroom and school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The district instructional material evaluation committee, consisted of members representing teachers, administrators, other staff, students, parents/guardians, and community, ensures that the selected textbooks, technology-based materials and other educational materials effectively support the district's adopted courses of study and meet current curricular goals and California Content Standards. Teachers, students, parents/guardians and community members have the opportunity to review and provide input about the instructional materials being considered for adoption. Recommendations for the adoption and/or withdrawal of instructional materials by the instructional material evaluation committee are presented to the Board by the Superintendent or designee and include documentation supporting the recommendation. In some instances, the considered textbooks and/or instructional materials are piloted for a period of time before being recommended for adoption to the Board of Education.

School Facility Conditions and Planned Improvements (Most Recent Year)

Edward Kemble Elementary School, built in 1963, received Facility Inspection Tool (FIT) overall repair rating score of “good” from its most recent facility inspection in June 2018. The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe and functional. The district Operations Department takes great pride following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The passage of Measure Q, the district’s 2012 general obligation bond, provided facility upgrade funding to all district schools. The district performed Quick Strike projects during the summer of 2014, which allowed schools to pick from one of the following improvements: 1) marquees, 2) closed-circuit television (CCTV) surveillance, 3) exterior painting, or 4) seal coating and striping of parking lots or playgrounds. Fire alarms at all the district schools were upgraded. Additional 10 million dollars have been allocated for safety and security upgrades, which are expected to begin in 2019.

Funding from the federal government through Universal Service Administrative Company (USAC) provided for technology infrastructure improvements to the district’s wireless connectivity. The improvements, which are expected to be completed by the end of 2019, will increase classroom internet access and digital voice communication.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	33.0	36.0	39.0	40.0	48.0	50.0
Math	50.0	41.0	31.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the

total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents, adult family members and community are encouraged to participate in school-wide activities and also in the classroom. The school recognizes that parents play an important role in motivating and supporting their children's academic success. There are many opportunities for adults to volunteer at school, such as School Site Council, English Learner Advisory Committee, Parent-Teacher Organization, classroom tutors, mentors, readers and library volunteers. Volunteers who come on a regular basis must have a copy of a negative TB test in the office. Finger printing is also required before a volunteer assignment can be made. Please contact the Office Manager for a volunteer packet.

Parent Leadership Opportunities

Kemble parents are leaders! We encourage you to get involved in our school committees. If you are interested in participating in any of these leadership opportunities, please see the site administration.

School Site Council (SSC)

The School Site Council meets throughout the year. It is composed of an equal number of parents and staff members. The School Site Council is responsible for the development, monitoring, and evaluation of categorical programs, budgets and plans. The agendas for the School Site Council meetings are posted in the office three days prior to our meetings. Parents are always welcome to visit our meetings.

English Learner Advisory Council (ELAC)

Parents of English Language Learners are encouraged to join our English Language Advisory Committee. We seek parent input on programs and budget for our English Language Learner program. If you are interested in serving on this committee, contact the Edward Kemble office and we will put you in touch with the right person.

Parent-Teacher Organization (P.T.O.)

The Edward Kemble P.T.O. was organized during the latter part of the 2016-2017 school year. The purpose of the P.T.O. at Kemble is to strengthen the relationship between the home and school, so that parents and teachers may cooperate for the success in the education of children at our school.

Parent Resource Center

A full time parent resource center is available for parents to engage in classroom volunteer support, attend parenting classes or seek additional ways to help their child. We also offer computers, listings for job openings and a parent liaison available for parent needs.

Family-Teacher Academic Team Meetings (FTAT)

Parents have the opportunity to participate first-hand in training opportunities presented by classroom teachers on how to work with your child at home to support the learning in the classroom. Teachers meet with parents on a regular basis and at least 3 times per year to provide information on grade level expectations, strategies for developing student success in content areas (English Language Arts and Mathematics), and activities to reinforce the learning in the home.

For more information, contact Neng Her, Principal at (916) 395-4550.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

The Comprehensive Safe School Plans for the Sacramento City Unified School District are revised annually to ensure the contents of the plans are uniform and updated to address the components set forth in Section 32282 of the 2018 California Education Code. This plan is a work in progress as the Safe Schools Office and the Sacramento Police Department continue to seek the most current information and advice from subject matter experts.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on Literacy (including ELA Common Core Standards), English Language Learners, Differentiation of Instruction, Data Inquiry, Culturally and Linguistically Teaching and Learning, and Conceptual Understanding of Mathematics. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

Types of Services Funded

SCUSD and district schools provide supplemental programs and services through categorical funds and other sources to support the needs of all students, including GATE, students with disabilities and English learners. Programs and services such as enrichment program, family engagement activities, supplemental instructional materials, and academic, social and emotional support programs help our students achieve grade level readiness, mastery of the California Common Core State Standards (CCSS), and college and career readiness. Edward Kemble Elementary School and district supplemental programs and services include:

- Class Size Reduction
- Spanish Immersion Program
- Extended Day & Saturday School
- Opportunities for teachers to articulate
- Parent Education/Family Nights
- Parent Classes
- Home Visits and Family-Teacher Academic Team (FTAT) Meetings
- Student/Family Primary Language Support
- Translation for Home-School Communication
- Gifted and Talented Education (GATE) Testing
- Special Education
- Professional Development for staff
- Support Staff
- After School Program - Boys & Girls Club
- Running Club

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
