

Bus Driver stipend amendment

This will be an amendment to the April 3, 2022 Collective Bargaining Agreement

These two classifications (Delegated behind the wheel trainer & School Bus Driver Instructor) unfortunately were omitted from the Bus Driver stipend language in the CBA. These classifications should be eligible for the Bus Driver stipend because these employees are required in their job description to hold a special school bus drivers certification. In addition, these employees must drive a bus route when needed (which is every day to do the District's shortage).

The Delegated behind the wheel trainer serves like a Bus Driver and bids or is assigned a bus route just like a Bus Driver.
