

Be a part of boosting student support at Hiram Johnson High

SCUSD received resources from the state to help students by maintaining, expanding, and strengthening our Community School approach in six schools.

In 1992, SCUSD received Healthy Start funding for Student Support Centers to improve student success by coordinating:

Health & Mental Health

Family Services

Youth Activities & Enrichment

Fern Bacon Middle
Hiram Johnson High
John Still K-8
Luther Burbank High
Rosa Parks K-8
Will C Wood Middle

Now 30 years later, SCUSD has funding to help Student Support Centers do even more...and give everyone a voice in the plan. A Community Schools grant will allow Student Support Centers to coordinate resources to:

Build on Existing Health & Mental Health Supports

Boost Family and Community Engagement

Expand Youth Activities, Enrichment & Learning Time

Continue & Strengthen Collaborative Leadership & Practice

We want to hear your voice!

What do you like most about your school / community?

What do you think would help students learn and succeed?
