

# The Single Plan for Student Achievement 2017-18

**School:** Arthur A. Benjamin Health Professions High School  
**CDS Code:** 34-67439-0108951  
**District:** Sacramento City Unified School District  
**Principal:** Marla Clayton Johnson  
**Revision Date:**

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

**The District Governing Board approved this revision of the SPSA on August 3, 2017.**

## Sacramento City Unified School District

### **School Description and Mission Statement (most recent year)**

Arthur A. Benjamin Health Professions High School is a NAF Certified and Linked Learning Certified small innovative high school in the Sacramento City Unified School District. The school opened in 2005 with support from the Bill and Melinda Gates Foundations, the Carnegie Foundation, the James Irvine Foundation and the California Endowment. The school moved into a new 17 million dollar facility in 2006. The school is centered around the implementation of a national health sciences curriculum across all of the core and elective classes in the school. Teachers are not only experts in their content area but they receive specialized training to teach using project-based units that integrate healthcare topics with Common Core State Standards. Students at Health Professions access an education that sets the bar high for coursework and goes beyond the content areas to bring in real life learning connected to their classroom. This integrated curriculum combines academics and the health sciences helping to engage students by demonstrating real life applications through the use of healthcare issues, practices and processes. In addition to learning about the importance of high academic and behavioral achievement, students also have numerous opportunities to work side by side healthcare professionals and visit healthcare settings through career explorations, internships, and job-site tours. These experiences provide insight into available careers, work expectations and educational requirements. In order to achieve these goals the school partners with regional health care providers and post-secondary partners like UC Davis Medical Center, Kaiser Permanente and Sacramento City College Allied Health Department, just to name a few. Students interact with professionals active in health care fields to understand professional expectations and gain experience in the field. The school has a strong Dual Enrollment partnership with Los Rios Community College District to engage students in completing college courses before they graduate from high school.

Students who graduate from Health Professions do so with a plan for life after high school and experiences that will prepare them for the demands of college and the working world. Our mission is: To provide students with an outstanding education, rich with relevant academic, application and leadership experiences - using healthcare as a theme.

## School and Student Performance Data

Title III accountability is a series of Annual Measureable Achievement Objectives (AMAO) that LEAs in receipt of Title III funds must meet each year for their EL populations. AMAO 1 measures the percentage of ELs making annual progress on CELDT, based on their previous CELDT performance level. AMAO 2 measures the percentage of ELs who have attained the English proficient level on the CELDT. Targets must be met for two EL cohorts: students in English language instruction educational programs for less than five years (Cohort 1); and students in English language instruction educational programs for five years or more (Cohort 2). AMAO 3 is based on ELA and Math AYP Participation and Performance targets for the EL subgroup.

## District LCAP Goals and Actions

<b>Goal 1: Increase percent of students who are on track to graduate college and career ready.</b>
--

Action 1.1: Provide standards aligned curriculum, assessments and high quality instruction to prepare students to graduate college and career ready.
--

Action 1.2: Provide a variety of learning supports including differentiated instruction and interventions for all students as needed.
---

Action 1.3: Develop an infrastructure for on-going analysis of student performance and progress by providing teacher release time and collaborative learning time.
--

Action 1.4: Provide effective core instruction, as well as appropriate learning supports and interventions, to ensure that English learners make expected progress in attaining English and in academic achievement.
--

<b>Goal 2: Schools will provide students with a clean, healthy, physically and emotionally safe learning environment.</b>
---

Action 2.1: Students will be provided cleaner, better maintained learning environments.
---

Action 2.2: All schools will become safer, more culturally competent environments, where students learn social and emotional skills and receive additional supports to increase their engagement in learning.
---

Action 2.3: Schools will provide more varied opportunities for students to become interested in school and learning through technology-based activities, project-based learning, extended extracurricular, and expanded learning program involvement, including any other costs associated with other enrichment opportunities (arts programs, field trips, assemblies, band, athletics, etc.)
--

<b>Goal 3: Parents, family and community stakeholders will become more fully engaged as partners in the education of students in SCUSD.</b>
---

Action 3.1: Stakeholders will have improved opportunities to participate in district/site activities that increase their skills as partners in education.
---

Action 3.2: Stakeholders will receive improved district and site communications, including translation/interpretation services.
---

## **LEA Plan Performance Goals**

- 1. All students will reach high standards, at a minimum attaining proficient or better in reading and mathematics.**
- 2. All limited-English –proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading /language arts and mathematics.**
- 3. All students will be taught by highly qualified teachers.**
- 4. All students will be educated in learning environments that are safe, drug free, and conducive to learning.**
- 5. All students will graduate from high school.**

## Planned Improvements in Student Performance

### School Goal #1

<b>SCHOOL GOAL #1:</b>
HPHS will focus on improving student achievement and student engagement in core subject areas through the use of integrated instruction and Common Core Standards. Students will graduate on time ready for college and career.
<b>District/LCAP GOAL:</b>
Action 1.1: Provide standards aligned curriculum assessments and high quality instruction to prepare students to graduate college and career ready.
Action 1.2: Provide a variety of learning supports including differentiated instruction and interventions for all students as needed.
Action 1.3: Develop an infrastructure for on-going analysis of student performance and progress by providing teacher release time and collaborative learning time.
<b>LEA Plan Goal Alignment</b>
5. All students will graduate from high school.
<b>Data Used to Form this Goal:</b>
Course passage rates IUP attendance rates Number of release days utilized Dual Enrollment course enrollment Post-secondary enrollment rates Intervention meeting logs in Infinite Campus including SST's and Counselor meetings 9 UCCI Courses 1 HASPI Course 1 Articulated Course 2 Dual Enrollment courses on campus Review of student transcripts to determine credit deficiency
<b>Findings from the Analysis of this Data:</b>
Release time for teachers was paramount in developing engaging common-core aligned health care themed lesson plans and curriculum maps. Implementing the UCCI integrated courses increased student engagement and improved passage rates in those classes. Dual Enrollment/Articulated courses on campus gives students easier access to college courses One on one intervention meetings were critical when they were started early in the year at the first sign of progress reports. Intervention was early and ongoing. AVENTA Credit Recovery Program on site for students to recover credits and graduate on time. SAT Prep course needed for 11 and 12

**How the School will Evaluate the Progress of this Goal:**

We will continue to look at passage rates and engagement as evidenced by lower referral and suspension rates. We will also continue to release teachers to collaborate and design meaningful and engaging lessons for all students. And we will continue to increase the amount of academic and behavioral interventions provided through PBIS and an intervention advisor.

**Parent Engagement Activities Related to this Goal:**

Parents receive invitations to attend curriculum meetings and advisory board and site council meetings in which their input is used in making program decisions. They also receive a weekly email detailing when those meetings are and what is being addressed/discussed/decided. Parent workshops may also be scheduled around helping their student at home. Parents participate in Dual Enrollment Night, Summer Bridge Orientation and schoolwide celebrations like Black History Month and Multicultural Night along with IUP Presentation Nights and Senior Project defense panels.

## Planned Improvements in Student Performance

### School Goal #2

<b>SCHOOL GOAL #2:</b>
HPHS will be a culturally competent environment that is clean and safe to support post secondary preparation of all sub groups at the school using social emotional learning and technology based activities that expand the learning program.
<b>District/LCAP GOAL:</b>
Action 2.1: Students will be provided cleaner better maintained learning environments.
Action 2.2: All schools will become safer more culturally competent environments where students learn social and emotional skills and receive additional supports to increase their engagement in learning.
Action 2.3: Schools will provide more varied opportunities for students to become interested in school and learning through technology based activities project based learning extended extracurricular and expanded learning program involvement.
<b>LEA Plan Goal Alignment</b>
4. All students will be educated in learning environments that are safe, drug free, and conducive to learning.
<b>Data Used to Form this Goal:</b>
Staff, student and parent surveys (CHKS and survey monkey). Suspension rates, referral rates and passage rates from our Freshman Seminar class. Inventory of technology on campus. Staffing allocations for custodial support.
<b>Findings from the Analysis of this Data:</b>
Implemented an articulated Foundations for Success course for 9th grade students to teach SEL skills, life skills, and workplace skills. Developed a Small School Sports League to foster school pride and enrichment after school. Continued with our HOSA and MESA academic competition clubs.
<b>How the School will Evaluate the Progress of this Goal:</b>
Continue analyzing survey responses as well as informal conversations with staff and families. Continue to look at school safety data in terms of suspensions and referrals. Ongoing inventory of technology on campus as well as thorough and continuous safety and cleanliness inspections. Evaluate the effectiveness of the Foundations course through passage rates. Monitor the Small School Sports League and participation rates.
<b>Parent Engagement Activities Related to this Goal:</b>
Parents receive invitations to attend site council meetings in which their input is used in making program decisions. They also receive a weekly email detailing when those meetings are and what is being addressed/discussed/decided. Surveys also go out to parents about the culture of the school and how to improve it.

## Planned Improvements in Student Performance

### School Goal #3

<b>SCHOOL GOAL #3:</b>
HPHS will focus on developing effective recruitment strategies to increase diverse enrollment and deepen existing partnerships for students education.
<b>District/LCAP GOAL:</b>
Action 3.1: Stakeholders will have improved opportunities to participate in district/site activities that increase their skills as partners in education.
Action 3.2: Stakeholders will receive improved district and site communications including translation/interpretation services.
<b>LEA Plan Goal Alignment</b>
3. All students will be taught by highly qualified teachers.
<b>Data Used to Form this Goal:</b>
Percentage of diverse students enrolled. Technology inventory.
<b>Findings from the Analysis of this Data:</b>
42% Hispanic, 27% African American enrolled. More females than males by 3 to 1. EL students need access to online resources and curriculum.
<b>How the School will Evaluate the Progress of this Goal:</b>
Continue to monitor the enrollment and make sure materials are being sent home in different languages. Recruit highly engaging instructors for classroom leadership.
<b>Parent Engagement Activities Related to this Goal:</b>
Newsletters and recruiting materials sent in home languages to increase communication between home and school. Online resources accessed by EL students through technology.

## School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Marla Clayton Johnson - ELAC	X				
Scott Bruggeman		X			
Robert Miller - Secretary		X			
Jennifer Clemens		X			
Debbie Konvalin		X			
Alicia Washington - DAC and Chair			X		
Jazell Mata				X	
Dennis Baylis				X	
Laura Niznik Williams				X	
Alejandra Sandoval					X
Paulina Castro					X
Samia Rasberry					X

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

**Recommendations and Assurances**

The school site council (SSC) recommends this school plan and Proposed Expenditure(s) to the district governing board for approval and assures the board of the following:

X 1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

X 2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.

X 3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan (**Check those that apply**):

X English Learner Advisory Committee

X Special Education Advisory Committee

Gifted and Talented Education Program Advisory Committee

X Departmental Advisory Committee (secondary)

X Other committees established by the school or district (list):  
Community Advisory Board at HPHS

X 4. *For Title I funded schools only* The SSC reviewed the Parent Involvement Policy and Compact, and the documents are attached.

X 5. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the Local Educational Agency Plan.

X 6. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

X 7. This SPSA was adopted by the SSC at a public meeting on March 13, 2017.

## Annual Evaluation – REQUIRED Spring 2018

Pursuant to California *Education Code* Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans.

### Strategies and Activities

Identify those strategies or activities that were particularly effective in improving student achievement. What evidence do you have of the direct or indirect impact of the strategies or activities on student achievement?

Implementing integrated UCCI courses which improved student engagement as witnessed by lower referral and suspension rates out of class. This in turn resulted in students IN class and completing their coursework which translated to higher passage rates. One on one counseling and intervention teacher meetings proved beneficial in catching failing students sooner. Adding a credit recovery program (not just one section) through AVENTA increased the completion of recovered credits so students could graduate on time. Implementing the Sac City College articulated 9th grade Foundations for Success course is increasing the passage rates for ALL freshman classes!

Identify those strategies or activities that were ineffective or minimally effective in improving student achievement.

AP English 11 and AP English 12 were not offered this year.

Based on an analysis of the impact of the strategies/activities, what appears to be the reason they were ineffective in improving student achievement?

Lack of timely implementation

Limited or ineffective professional development to support implementation

Lack of effective follow-up or coaching to support implementation

X Not implemented with fidelity

X Not appropriately matched to student needs/student population

X Other: We have a very strong dual enrollment program (college courses) that students are choosing to take instead of AP

Based on the analysis of this practice, would you recommend:

X Eliminating it from next year's plan

Continuing it with the following modifications:
