Request for Statement of Qualifications for Expanded Learning Programs

I. INTRODUCTION

The Sacramento City Unified School District ("SCUSD") is seeking statements of qualifications from firms who can provide Expanding Learning Programs at our school sites. Through this RFQ process, SCUSD intends to select one or more qualified firms based on criteria outlined in the RFQ. Qualified firms will then undergo a second selection process at a school site where selection of firms will be determined by proposals and an interview panel.

Expanded Learning Programs provide an opportunity to merge school reform strategies with community resources. The goal is to support local efforts to improve assistance to students and broaden the base of support for education in a safe, constructive environment. It is the intent of the program legislation to encourage schools and school districts to provide safe and educationally enriching alternatives for children and youth during non-school hours. The program supports high quality before and after school education and enrichment programs.

The SCUSD Expanded Learning Programs involve collaboration among parents, youth, representatives from schools and governmental agencies, such as local law enforcement, and individuals from community-based organizations and the private sector. Programs are created through partnerships between schools and local community resources to provide students with safe, constructive opportunities for academic support and enrichment activities.

Agencies desiring to operate an Expanded Learning Program within SCUSD must link and support the SCUSD mission and overall District goals (see District website). Agencies must have a comprehensive whole child plan that is aligned with *the SCUSD Expanded Learning Services'* focus on student learning and is oriented to continuous improvement. Awards are provided to expand school day learning, to keep youth safe, and to provide students with academic support and enrichment opportunities

The funding provided by SCUSD Expanded Learning Programs is intended to:

- Operate a before or after school program during the regular school year (with the potential for separate contract awards for summer)
- Provide direct service to SCUSD students at the awarded site.
- Support student academic performance, with targeted efforts for students who are low performing/ failing or at high risk of failure as identified through state and local assessments.
- Demonstrate community partnership in delivering programs and services to children and families.
- Improve access to knowledge about health and wellness
- Increase students' participation in visual and performing arts.
- Develop an awareness and appreciation of different cultures.
- Increase opportunities for service learning and community service opportunities.
- Increase college and career awareness and youth entrepreneurial services.
- Provide information, educational resources, and parent engagement for families, and educational programs and activities which enhance youth and adult learning.

- Demonstrate ability to participate in required evaluation and outcome measures.
- Collaborate with SCUSD to develop and implement a sustainability plan in order to create a robust and comprehensive program.

Background

The Sacramento City Unified School District is the 13th largest school district in California, serving over 45,078 students. Neighborhoods served range from leafy affluent areas around the Capitol to federal housing projects. 68.6% of SCUSD students qualify for a free or reduced-price lunch (2022-2023 ed-data.org).
