I. INTRODUCTION

The purpose of this Manual is to provide the Owner, District Representative, Architect/Engineers and Entity with detailed information concerning specific requirements and procedures that will be implemented during construction.

This Manual delineates the lines of authority and responsibilities of the project team members associated with this Project, along with highlighting specific requirements of the General Conditions, Exhibit D of the Facilities Lease Agreement. This Manual is not intended to replace any of the requirements of the General Conditions, and in the event of any conflict between this Manual and the General Conditions, Exhibit D of the Facilities Lease Agreement, the latter controls.

II. ORGANIZATION

A. Sacramento City Unified School District - Owner

The Board of Education of the Sacramento City Unified School District will be represented by the Superintendent. The District is responsible for the following:

1. Development of Program Requirements
2. Formal Liaison with the District Staff
3. Contract Administration
4. Payment and Change Order Approvals
5. Final acceptance of the Project
6. Oversight Committee Regulation Adherence

B. Project/Construction Management

The District has retained a project and construction manager as a consultant to assist the District in overall management of the Project. The Project/Construction Manager will be responsible for such activities as monitoring time and cost, coordinating inspection and testing, and advising the District of actions required. All contact between the District and Entity is to be made through the Project/Construction Manager – **Ryan Wade**, Rwade@Kitchell.com

C. Architect/Engineers/Engineering Consultants (A/E)

The A/E is responsible for the design and clarification of the Contract Documents. The A/E is responsible for review of submittals, shop drawings, requests for information, payment requests, and requests for material substitutions. The A/E may issue requests for proposals and/or review responses to requests for proposals. The A/E will advise the District Representative concerning all technical decisions. The A/E will also make project site visits as required.

D. Testing Laboratories

In special cases, as the District deems necessary, a specialized testing lab will be hired by the District to provide testing and inspection services. This includes the testing, inspection, and safety monitoring of the asbestos abatement. The Project/Construction Manager will be responsible for coordinating and monitoring the testing firm's activities. The Entity is responsible for coordinating the scheduling of all required testing with the District Representative.

E. Lease Leaseback Entity (Entity)

The Entity has contracted with the District to perform work as detailed in the Contract Documents and is responsible for the performance and coordination of all Subcontractors and suppliers providing services under this contract. The Entity will have one full-time superintendent, on the Site at all times during construction of its work.

F. Project Inspector/Quality Assurance Inspector

The District has hired DSA Certified Inspectors to conduct inspections for conformance to the Contract Documents and code compliance. The District has Quality Assurance Inspectors to assist the Project Inspector in specialty areas (i.e., mechanical, electrical).

G. Hazardous Waste Consultants

The District has contracted with a hazardous material firm to provide consulting services as described in Exhibits C, D and E. Entity's will be required to comply with local and state laws.

III. PROJECT DIRECTORY

Owner: Sacramento City Unified School District

District Representative:

IV. PROJECT PROCEDURES

A. COMMUNICATIONS

1. In carrying out the terms of the Contract, the Entity will interact with the Project Team only through the District Representative. In turn, the District Representative will communicate with the Entity. The District Representative will refrain from communicating with the Entity's Subcontractors and suppliers. All correspondence, shop drawings, samples, descriptive data, reports, proposals or requests of any nature are to be submitted by and to the Entity through the District Representative, who will distribute further as required.
2. All correspondence and submittals shall reference the specific Project Site and name, bid package number, and DSA application number. The District Representative will return to the Entity any correspondence or submittals from a subcontractor or vendor that have not been directed through the office of the Entity.
3. Within ten (10) days following issuance of the Notice of Intent to Award, the Entity will forward to the District Representative a list outlining the key project personnel. At the same time, the Entity will provide a letter of authority identifying those of the Entity's personnel who are authorized to sign official project documents on behalf of the Entity, and the specific documents they are empowered to sign.
4. According to the Contract Documents, the Entity will provide the name, address, phone and fax number of all proposed Subcontractors (including those who are to furnish material or equipment and those who are Subcontractors to the Subcontractors).
5. The A/E shall make written field reports for each site visit. If the A/E observes any work that does not conform to the Contract Documents he/she shall clearly state this in his/her report.
6. The Inspectors and the Entity shall prepare daily written field reports and forward copies to the District Representative no less than on a weekly basis.

B. NON-CONFORMING WORK

1. If the Entity fails to correct deficient work or has a part of the work improperly completed, the District Representative, the A/E or the Project Inspector through the District Representative, will issue a "Notice of Non-Conforming Work/Construction Deficiency." (See appendix.) This report puts the Entity on formal notice that a deficiency exists and becomes substantiating documentation for any future action. If the corrective action required is not evident, the District Representative will also request the Entity's plan for correction.
2. If the Entity does not correct such rejected or non-conforming work and/or materials within a reasonable time, fixed by the District Representative or A/E in a written notice to the Entity, the District may correct the same and charge the expense to the Entity, per Article 17 of the General Conditions, Exhibit D of the Facilities Lease Agreement.
3. In no case will a Certificate of Completion be issued as long as any Notice of Non-Conforming Work/Construction Deficiency is unresolved.
4. The Owner's acceptance of defective or non-conforming work will be only as described in the Contract Documents.

C. SAFETY/SECURITY/ACCESS

1. The Entity shall have sole and complete responsibility for initiating, maintaining and supervising all safety precautions and programs in connection with the Project. Also, in no case shall the Owner, the District Representative, the A/E, the Project Inspector, and/or their agents, employees or representatives, have either direct or indirect responsibility for the means, methods, techniques, sequences or procedures utilized by the Entity, or for safety precautions and programs in connection with the Work.
2. The Entity will identify their designated Safety Supervisors to the District Representative, and will provide a copy of his safety program along with all program revisions and updates following issuance
3. Keys - The Entity may acquire master key(s) to access Project Site by requesting the appropriate key(s). The Entity will be solely responsible for the full cost of re-keying the entire school if a Master Key is lost or stolen. Additionally, any lost or stolen individual door key (or "Pass Key") will incur replacement costs equal to time and materials required to re-key the locks that affect the security of the school site.

D. GUIDELINES WHILE ON SCHOOL SITE

WELCOME TO THE SACRAMENTO CITY UNIFIED SCHOOL DISTRICT!

The safety of students is our highest priority. Please follow these guidelines as you visit and work on our campuses. At each site you will see many students, staff, and parents who will be delighted to know that you are there to modernize our schools.

START AND END TIMES

The daily beginning and end of the school day is a busy time. Try to avoid arriving and/or leaving schools during these times. See the office of the school for the daily schedules.

PARKING

Please check with the District Representative for approved parking and staging locations. Certain locations have been designated at each school. In some cases, parking areas have been arranged on school grounds, at the end of parking lots or adjacent properties. In other cases, parking is on the street.

WORKER IDENTIFICATION BADGES

We have spent a great deal of time educating students about “possible danger of strangers.” Some teachers, students, and parents will be suspicious of any unknown person on campus, so all non-school personnel will be required to wear an identification badge, provided by the SCUSD, at all times.

DRIVING ON SCHOOL GROUNDS

When children are present on campus and you must drive a vehicle on the school grounds, especially playground or blacktop areas where physical education classes are held, it is mandatory that a “spotter” WALK alongside the vehicle. Students are sure that they can run faster than a truck and may try to cross in front of a moving vehicle, etc. Please also use a “spotter” when backing up at any time on school grounds.

WORKING WITHIN FENCED AREAS

Construction work is allowed only in areas fenced for each phase of construction as shown on the schedule. Workers, materials, and equipment (including storage) will not be allowed outside fenced areas, except to the extent they are continuously supervised and monitored by the Entity’s supervisory personnel who have been fingerprinted and certified as required by the Contract Documents.

CLASSROOM DISRUPTIONS

Before entering an area where instruction is in process, you are required to clear access with the District Representative. Do not engage in conversation with the students.

LUNCH

Lunch time at schools is busy and congested. Try to avoid getting in the student path of travel. We know that this is not always possible. Lunch times vary by site. See the office of the school for the daily schedules.

RECESSES

These are usually 15-20 minutes. In most elementary schools there is a morning and an afternoon recess. See the office of the school for the daily schedules.

CONSTRUCTION BREAKS AND LUNCHES

Coffee breaks and lunch should be taken at a location removed from the playground/blacktop and from the buildings. It is perfectly acceptable to relax in a corner of the grounds or other out-of-the-way area acceptable to the school. There is no food service available for workers on the site. Use of student restrooms is not allowed. Use the Entity provided temporary restroom facilities only.

SMOKING, DRUGS, RADIOS, APPROPRIATE LANGUAGE AND DRESS

- Sacramento City is a “tobacco-free facility” District wide. If you need to smoke, vape, or chew tobacco, you must do so off campus.
- Use or possession of drugs of any kind is strictly forbidden.
- Please do not play radios during school hours and, when possible, keep talking to normal levels.
- Acceptable language is a must. This means the avoidance of swearing, foul language, and racial, ethnic, or sexual slurs or comments which could be considered harassment. Sacramento City tries very hard to MODEL the behavior we wish our youngsters to adopt, so we would very much appreciate any help you can give us in this effort.
- Dress appropriately for the work site. Specifically, tank tops and cut-off shorts are not allowed. Additionally, what is written or pictured on shirts must comply with the requirement of acceptable language above.
- Violation of any of the above will result in immediate automatic removal from the site.

THANK YOU VERY MUCH FOR YOUR COOPERATION.

V. PROJECT COMPLETION

A. NOTICE OF PUNCH LIST INSPECTION

When the Entity believes that a phase of its Work is complete, it shall request in writing a punch list inspection. Within five (5) days of the receipt of such request, the District Representative, the Project Inspector and the A/E shall make a punch list inspection or inform the Entity that the work is not ready for punch list inspection; upon completion of the deficient work, the Entity shall again request a punch list inspection. The Entity or its representatives shall be present at the punch list inspection. The purpose of the punch list inspection is to determine whether the Work has been completed in accordance with the Contract Documents, including all Change Orders, all interpretations and instructions previously issued.

If Entity fails to attend any punch list inspection, the Entity shall be charged for the cost of the District Representative, Project Inspector, A/E and other design professionals who attended the punch list inspection.

B. PUNCH LIST

The District Representative, Project Inspector and A/E shall notify the Entity in writing of any deficiencies to be remedied prior to final acceptance, by preparing a written list, known in the industry as a punch list.

The Entity shall remedy all items shown on the punch list prior to final acceptance by the District Representative, Project Inspector and A/E.

No one is authorized to amend the Contract Documents by use of the punch list; it is provided solely for the benefit of the Entity to enable the Entity to determine what items must be corrected before final acceptance will be recommended by the District Representative, Project Inspector and A/E. The District reserves the right to require compliance with the Contract Documents, notwithstanding the issuance of a punch list or the completion by the Entity of all items on the punch list.

In the event that the Work still does not comply with the Contract Documents, the District reserves the right to issue such further punch lists as may be required, or to deduct from the final payment the cost of correcting any work not completed in accordance with the Contract Documents, but accepted by the District, without the issuance of further punch lists.

If punch list work needs to be performed after the District has taken occupancy of a phase, the work shall be conducted outside of normal school hours at the direction of the District Representative.

Use of Work Prior to Acceptance.

Whenever, in the opinion of the District, the Work or any part thereof, is in a condition suitable for use, and the best interests of the District require such use, the District may take possession of, connect to, and open for public or District use that portion of the Work.

Repairs or Renewal in the Work.

Prior to the Date of Completion, the Entity shall make all repairs or renewals in the portion of the Work occupied pursuant to Article 20 of the General Conditions, Exhibit D of the Facilities Lease Agreement, made necessary due to defective material or workmanship, or the operations of the Entity, ordinary wear and tear excepted.

Effect of Occupancy.

The District's occupancy shall not constitute acceptance by the District of the Work or any part thereof. Such use shall neither relieve the Entity of any of its responsibilities under the Contract Documents, nor act as a waiver by the District of any of the terms or conditions of the Contract Documents. Any damage done by the District is the responsibility of the District.

Coordination with Other Activities.

The Entity shall conduct its operations so as not to interfere unreasonably with the District's use of the occupied portions of the site. The Entity shall submit periodic schedules to the District Representative proposing the times, areas, and types of work to be done within such areas.

If the work produces conditions rendering the occupied portions of building, the Site, or other areas uninhabitable,

either because of noise, dust, vibration, smoke, fumes, or for any other cause whatsoever, the District Representative may suspend the Work or direct the Entity to modify the Construction Schedule, and the Entity shall comply.

Except as provided by Change Order or Directive signed by the District, the Entity shall not be entitled to a time extension or increase in the Contract Sum by virtue of conflicts between the Entity's work and the District's occupancy.

VI. CONTRACT CLOSE OUT

A. DOCUMENT REQUIREMENTS

Contract close out involves review and acceptance of the Contract Documents, drawings, specification, schedules, and inspection reports to ensure the Entity has satisfactorily completed the requirements of the Contract Documents for the bid package. The Contract is not considered complete until all close out documentation is submitted and accepted. The following is a typical list for Entity close out documents/services showing the long lead as items a-u below. Documents that are complete before the end of job are to be turned in as soon as available, and these are indicated by an * in front of them; however, these documents shall be included in the electronic bookmarked PDF copy of close-out.

- a. *Asbestos Documentation (if applicable)
- b. *Letter Stating Impact to Hazardous Materials (if applicable)
- c. *Fluorescent Tube/PCB Handling Manifests (if applicable)
- d. *Lead Handling Manifests (if applicable)
- e. Final Project costs submitted to District Representative
- f. *Guarantee Form 00 65 36
- g. *Manufacturers Guarantee Form
- h. *Entity's Subcontractor/supplier address and contact list
- i. *Concrete Weighmaster Certificate (if required)
- j. Project Record documents, including one (1) set of reproducible as-built drawings
- k. *O & M Manuals electronic book-marked PDF copy on flash drive submitted and accepted by A/E.
- l. Completion of all punchlist items and sign off by A/E or Project Inspector
- m. *Spare parts/materials/extra stock /keys
- n. In-Service Training proof (if applicable)
- o. *Return of District keys/badges
- p. *Warranties/Manufacture Guarantee and Bonds
- q. *Affidavit of Payment
- r. *Final Conditional/Unconditional Waivers of Lien for Entity's/subs/suppliers
- s. DSA-6C Verified Reports uploaded to DSA "Box"
- t. Certificate of Final Completion
- u. Other data as required by the District Representative for assurance of satisfaction of the requirements of the Contract Documents

The District Representative will make the distribution to the Project Inspector and A/E for review and acceptance of relevant documents. Upon acceptance the District Representative will distribute closeout submittals to the District.

This is an example of close out check list which identifies items required by multiple parties on a project (2 PAGES)

Notes:

1 Insert Entity's basic hourly rate, health & welfare, pension, vacation/holiday and other payments in columns "D to H", then add training to column "J". Subtotal straight and over time hourly rates will be calculated at column "K" which includes "Fringes Benefits" . Please note that ONLY "basic hourly rates" will change for over time and all other "Fringe Benefits" remain the same as straight hourly rates.

II Insert Entity's workman compensation rate at lower section of columns "N" where shows "0.00%" for each contractor/trade. Total hourly rate including "Fringes Benefits" and all "Burdens" will be calculated at column "R". Since "Burdens" are percentages of the "subtotal straight/OT hourly rates" they will increase for over time rates and will be calculated automatically by the spreadsheet.

Bond No. _____

PAYMENT BOND

THAT, WHEREAS, the SACRAMENTO CITY UNIFIED SCHOOL DISTRICT (“District”) has awarded to _____ (“Entity”) a Facilities Lease requiring the furnishing of all labor, materials, equipment, transportation and services for the construction of _____ located in _____ County, California (“Project”).

WHEREAS, the improvements to be constructed by the Entity are more particularly set forth in the Facilities Lease for the Project dated _____, (the “Lease”), the terms and conditions of which are expressly incorporated herein by reference, and

WHEREAS, said Entity is required to furnish a bond in connection with said Lease to secure the payment of claims of laborers, mechanics, material suppliers, and other persons as provided by law;

NOW THEREFORE, we the undersigned Entity and _____ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California (“Surety”), are held and firmly bound unto the District in the sum of _____ DOLLARS (\$ _____), said sum being not less than one hundred percent (100%) of the Total Base Rent under the Facilities Lease, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors, and assigns, jointly and severally, firmly by these presents.

1. THE CONDITION OF THIS OBLIGATION IS SUCH, that if the Entity, or its subcontractors, heirs, executors, administrators, successors, or assigns, shall fail to pay any of the persons named in State of California Civil Code Section 9100, or amounts due under the State of California Unemployment Insurance Code with respect to work or labor performed under the Facilities Lease, or for any amounts required to be deducted, withheld, and paid over to the State of California Employment Development Department from the wages of employees of Entity and subcontractors pursuant to the State of California Unemployment Insurance Code section 13020 with respect to such work and labor, that Surety will pay for the same in an amount not exceeding the sum specified in this bond, otherwise the above obligation shall become and be null and void.

2. This Bond shall inure to the benefit of any and all persons, companies and corporations entitled to file claims under California law, including but not limited to those specified in California Civil Code section 9100, so as to give a right of action to them or their assigns in any suit brought upon this bond.

3. Surety, for value received, hereby expressly agrees that no extension of time, change, modification, alteration, or addition to the undertakings, covenants, terms, conditions, and agreements of the Lease, or to the work to be performed thereunder, shall in any way affect its obligation on this bond, and it does hereby waive notice of any such extension of time, change, modification, alteration, or addition to the undertakings, covenants, terms, conditions, and agreements of the Lease, or to the work to be performed thereunder. Surety further waives the provisions of State of California Civil Code section 2845.

4. Amounts owed by the District to Entity under the Lease shall be used for the performance of the Lease and to satisfy claims, if any, under the Performance Bond. By Entity furnishing and the District accepting this Payment Bond, they agree that all funds earned by Entity in the performance of the Lease are dedicated to satisfy obligations of Entity and Surety under this Bond, subject to the District’s priority to use the funds for the completion of the work or the satisfaction of the District’s claims, including liquidated damages, under the Lease.

5. Surety’s obligations hereunder are independent of the obligations of any other surety for the payment of claims of laborers, mechanics, material suppliers, and other persons in connection with the Lease; and suit may be brought against Surety and such other sureties, jointly and severally, or against any one or more of them, or against less than all of them without impairing the District rights against the other.

1 6. In the event suit is brought upon this bond, the parties not prevailing in such suit shall pay reasonable
2 attorneys' fees and costs incurred by the prevailing parties in such suit.
3

4 7. Correspondence or claims relating to this bond shall be sent to Surety at the address set forth below.

PERFORMANCE BOND FORM

Exhibit U

Bond No. _____

KNOW ALL MEN BY THESE PRESENTS:

THAT, WHEREAS, the SACRAMENTO CITY UNIFIED SCHOOL DISTRICT (“District”) has awarded to _____, (“Entity”) a Facilities Lease requiring the furnishing of all labor, materials, equipment, transportation and services for the construction of _____ located in _____ County, California (“Project”).

WHEREAS, The improvements to be constructed by Entity are more particularly set forth in the Facilities Lease for the Project dated _____ (the “Lease”), the terms and conditions of which are expressly incorporated herein by reference, and

WHEREAS, Entity is required by the Facilities Lease to perform the terms thereof and to furnish a bond for the faithful construction of improvements required by the Facilities Lease.

NOW, THEREFORE, Entity, as principal, and _____ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California (“Surety”), are held and firmly bound unto the District and Claimants, as defined herein, in the penal sum of _____ DOLLARS (\$ _____), said sum being not less than one hundred percent (100%) of the Total Base Rent under the Facilities Lease, for the payment of which sum well and truly to be made as provided in this Performance Bond.

1. Entity and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to District for the performance of the Facilities Lease, including the improvements to be constructed thereunder, which is incorporated herein by reference.
2. If Entity timely performs each and every obligation under the Facilities Lease, including all Guarantee and/or warranty obligations, Surety and Entity shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.
3. Surety’s obligation under this Performance Bond shall arise after:
 - 3.1 District has declared a Entity Default and has notified Entity and Surety at its address described in Paragraph 10 below that District has declared a Entity Default and has requested and attempted to arrange a conference with Entity and Surety to be held not later than seven (7) days after receipt of such notice to discuss methods of performing all remaining obligations of Entity pursuant to the Lease; and
 - 3.2 District has agreed to pay any remaining Lease Payments, as provided for in the Facilities Lease, to Surety in accordance with the terms of the Facilities Lease or to a Entity selected to complete the Project in accordance with the terms of the Facilities Lease.
4. When District has satisfied the conditions of Paragraph 3, Surety shall promptly and at Surety’s expense take one of the following actions:
 - 4.1 Arrange for Entity, with consent of District, to perform and complete the Project (District retains the right in its sole and absolute discretion to reject the use of Entity to perform and complete the Project); or
 - 4.2 Undertake to perform and complete the Project itself, through its agents or through independent contractors; or

- 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to District for a contract for performance and completion of the Project, arrange for a contract to be prepared for execution by District and the contractor selected with District's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Lease, and pay to District the amount of damages as described in Paragraph 6 in excess of the Balance of the Total Base Rent as provided for under the terms of the Facilities Lease, incurred by District resulting from Entity's Default; or
- 4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
 - .1 After investigation, determine the amount for which it may be liable to District and, as soon as practicable after the amount is determined, tender payment thereof to District; or
 - .2 Deny liability in whole or in part and notify District citing specific reasons therefore.
5. If Surety does not proceed as provided in Paragraph 4 within twenty (20) days from receipt of the notice described in paragraph 3.1 (whether or not a conference has been held pursuant to paragraph 3.1), or such longer period upon which District and Surety may agree in writing, Surety shall be deemed to be in default on this Bond. If Surety proceeds as provided in Subparagraph 4.4, and District refuses the payment tendered or Surety has denied liability, in whole or in part, without further notice District shall be entitled to enforce any remedy available to District.
6. After District has declared an Entity Default, and if Surety elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of Surety to District shall not be greater than those of Entity under the Lease, and the responsibilities of District to Surety shall not be greater than those of the District under the Lease. To the limit of the amount of this Performance Bond, but subject to commitment by District of any remaining Balance of the Total Base Rent to mitigation of costs and damages on the Lease, Surety is obligated without duplication for:
 - 6.1 The responsibilities of Entity for correction of defective work, materials and equipment and completion of the Project, including all Guarantee and warranty obligations;
 - 6.2 Additional legal, design professional, construction management and delay costs resulting from the Entity's Default, and resulting from the actions or failure to act of Surety under Paragraph 4; and
 - 6.3 Liquidated damages.
7. Surety shall not be liable to District or others for obligations of Entity that are unrelated to the Lease, and the Balance of the Total Base Rent shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than District or its heirs, executors, administrators or successors.
8. Surety, for value received, hereby expressly agrees that no extension of time, change, modification, alteration, or addition to the undertakings, covenants, terms, conditions, and agreements of the Lease, or to the work to be performed thereunder, shall in any way affect the obligation of this bond; and it does hereby waive notice of any such extension of time, change, modification, alteration, or addition to the undertakings, covenants, terms, conditions, and agreements of the Lease, or to the work to be performed thereunder. Surety further waives the provisions of State of California Civil Code section 2845.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction. The prevailing party in any such action shall be entitled to recover its attorneys' fees, to be taxed as an item of costs.
10. Notice to Surety, District or Entity shall be mailed or delivered to the address, or sent via facsimile to the facsimile number, shown on the signature page.

11. DEFINITIONS

- 11.1 Balance of the Total Base Rent: The total amount payable by District to Entity under the Facilities Lease after all proper adjustments have been made, including allowance to Entity of any amounts received or to be received by District in settlement of insurance or other claims for damages to which Entity is entitled, reduced by all valid and proper payments made to or on behalf of Entity under the Facilities Lease.
- 11.2 Lease: The Facilities Lease between the District and the Entity identified on the first page of this bond, including all Contract Documents and changes thereto.
- 11.3 Entity Default: Failure of the Entity, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Lease.

Section 00 65 36 - GUARANTEE FORM

{Print on Entity/Subcontractor Letterhead}

ARTICLE 1. GUARANTEE FORM

{Entity's Name} hereby unconditionally guarantees that the Work performed at [School Name, Project BP#] has been done in accordance with the requirements of the Contract therefor and further guarantees the Work of the Contract to be and remain free of defects in workmanship and materials for a period of two (2) years from and after the recordation of the Notice of Completion of the Project and completion of all Contract obligations by the Entity, including formal acceptance of the entire Project by the District, unless a longer guarantee period is called for by the Contract Documents, in which case the terms of the longer guarantee shall govern. The Entity specifically waives any right to claim or rely on the statutory definition of completion set forth in Civil Code section 9200. The Entity specifically acknowledges and agrees that completion shall mean the Entity's complete performance of all Work required by the Contract Documents, amendments, change orders, construction change directives and punch lists, and the District's formal acceptance of the entire Project, without regard to prior occupancy, substantial completion doctrine, beneficial occupancy, or otherwise. The Entity hereby agrees to repair or replace any and all Work, together with any adjacent Work which may have been damaged or displaced in so doing, that may prove to be not in accordance with the requirements of the Contract or that may be defective in its workmanship or materials within the guarantee period specified, without any expense whatsoever to the District, ordinary wear and tear and unusual abuse and neglect only excepted. The Entity has provided contract bonds, which will remain in full force and effect during the guarantee period.

The Entity further agrees that within ten (10) calendar days after being notified in writing by the District of any Work not in accordance with the requirements of the contract or any defects in the Work, it will commence and prosecute with due diligence all Work necessary to fulfill the terms of this guarantee, and to complete the Work within a period of time stipulated in writing. In the event it fails to so comply, Entity does hereby authorize the District to proceed to have such Work done at the Entity's expense and it will pay the cost thereof upon demand. The District shall be entitled to all costs, including reasonable attorneys' fees, necessarily incurred upon the Entity's refusal to pay the above costs.

The guarantee period for corrected defective work shall continue for a duration equivalent to the original guarantee period.

Notwithstanding the foregoing paragraph, in the event of an emergency constituting an immediate hazard to the health or safety of the employees of the District, or its property or licensees, the District may undertake at the Entity's expense without prior notice, all Work necessary to correct such hazardous condition when it was caused by the Work of the Entity not being in accordance with the requirements of this contract, or being defective, and to charge the same to the Entity as specified in the preceding paragraph.

The guarantee set forth herein is not intended by the parties, nor shall it be construed, as in any way limiting or reducing the District's rights to enforce all terms of the Contract referenced hereinabove or the time for enforcement thereof. This guarantee is provided in addition to, and not in lieu of, the District's rights on such contract.

Explanation to box 1 - 3 on form DAS 140

- Box 1 is for contractors who are already approved to train by an apprenticeship program (signatory/member).
- Box 2 indicates that a contractor is willing to comply with a program's Standards for the current project only. This generally means that the fringe benefits and the training funds will be paid to that Committee's Trust Fund. It also allows a contractor to take advantage of a more generous maximum ratio than the CAC Standards, but does not affect the minimum ratio of 1 apprentice hour for every 5 journeyman hours.
- Box 3 means that a contractor will be governed by the regulations of the California Apprenticeship Council. Generally this means that the minimum and maximum ratio for apprentices is the same – 1 apprentice hour for every 5 journeyman hours per each craft, totaled at the end of the project. It also means the Training Fund Contribution is usually paid to the California Apprenticeship Council.
