Executive Summary

I. Overview / History:

On November 4, 2010, the Board adopted criteria for school consolidation and closure. Subsequently, the Board appointed a Facility Consolidation and Closure/7-11 Committee to review data and recommend sites for consolidation and closure. The Committee met on Monday evenings from 5:30 PM to 7:30 PM on April 25, May 9, 23, June 6, 20, 27, July 11, 18, 25, August 1, 15, 22, and had their final meeting on August 29, 2011.

II. Driving Governance:

Education Code sections 17387-17389 Surplus Property, Advisory Committee

The California Education Code Section 17387-17391 provides for community involvement by attendance area at the district level regarding surplus space. This community involvement should facilitate making the best possible judgments about the use of excess school facilities in each individual situation. The process would allow community involvement before decisions are made about school closure or the use of surplus space, thus avoiding community conflict and assuring building use that is compatible with the community's needs and desires.

Prior to the sale, lease, or rental of any excess real property, except rentals not exceeding 30 days, the School Board shall appoint a district advisory committee to advise the governing board in the development of district-wide policies and procedures governing the use or disposition of school buildings or space in school buildings which is not needed for school purposes.

III. Goals, Objectives and Measures:

The Facility Consolidation and Closure/7-11 Committee has completed the following tasks:

(a) Reviewed the school enrollment and other data as provided by the district to determine the amount of surplus space and real property
(b) Reviewed non-K-12 sites to determine the amount of surplus space and real property
(c) Developed a priority list of surplus real property
(d) Provided an advisory report recommending closure and/or consolidation of surplus real property

IV. Major Initiatives:

The Board has appointed a Facility Consolidation and Closure/7-11 Committee to advise the Superintendent and Governing Board in the development of the use or disposition of school buildings or space in school buildings which is not needed for school, administrative or other related purposes.
V. Methodology:

The Facility Consolidation and Closure/7/11 Committee used the criteria adopted by the Board of Education. The Committee systematically reviewed each site data and progressively narrowed the group of schools that met the established criteria.

The Board of Education adopted criteria is as follows:

**Phase 1**
- Capacity
- Condition
- Operation Cost

**Phase 2**
- Location Accessibility
- Enrollment Data
- Facility Costs
- Facility Usage/Efficiency
- Facility Condition & Site Data
- Program Data
Elementary and K-8 School Recommendations

All 53 elementary and K-8 schools were initially reviewed by the 7-11 Committee on the basis of capacity, condition and actual operational cost based on enrollment. The original 53 sites were narrowed down to 25 sites receiving the lowest scores based on the Phase 1 criteria (see SCUSD Phase 1 School Criteria Matrix, Appendix A). The Committee then went through a lengthy process of evaluating each of the remaining 25 sites against the other thirteen closure criteria (see SCUSD Phase 2 School Criteria Matrix, Appendix B). This process yielded a recommendation by the Committee to forward to the Superintendent and the SCUSD Board of Education.

When referring to the physical location of a school site the term “facility/facilities” is used.

Recommendations

The names of the following elementary and K-8 schools in order of priority for possible closure/consolidation are:

Collis P. Huntington

- **Closure / Consolidation Recommendation:** Close Collis P. Huntington facility and split attendance area between Hollywood Park and/or Leonardo da Vinci and Woodbine Elementary Schools (see Attendance Area Options, Appendix C).

- **Special Considerations:** Review transportation and safety routes.

Oak Ridge

- **Closure / Consolidation Recommendation:** Close Oak Ridge facility and reassign attendance area West of Martin Luther King Jr Blvd to Ethel Phillips Elementary; East of Martin Luther King Jr Blvd to Fruit Ridge Elementary; Extend Father Keith B. Kenny Elementary attendance area South to 16th Ave (see Attendance Area Options, Appendix C).

- **Special Considerations:** Explore long term lease with Christian Brothers.

Hollywood Park & Leonardo da Vinci

- **Closure / Consolidation Recommendation:** Consolidate Hollywood Park facility with Leonardo da Vinci K-8; housing grades K-3 at Hollywood Park facility and grades 4-8 at Leonardo da Vinci facility or other alternate grade configurations.

- **Special Considerations:** These two facilities are located on the same piece of property, separated by a chain link fence. No impact to the attendance area with this recommendation but an impact may occur if the Collis P. Huntington recommendation is accepted.
A. M. Winn

- **Closure / Consolidation Recommendation:** Close A. M. Winn facility and reassign attendance area East of Bradshaw Road to Abraham Lincoln Elementary; West of Bradshaw Road to James Marshall Elementary (see Attendance Area Options, Appendix C).

- **Special Considerations:** This may incur a one-time cost to move modular structures to Abraham Lincoln to accommodate the relocated students.

**No Recommendations for Closure or Consolidation**

The following schools were discussed and ranked by the Committee but no recommendation for closure or consolidation.

Father Keith B. Kenny

- **Closure / Consolidation Discussion:** Close Father Keith B. Kenny facility and split attendance area between Bret Harte, Fruit Ridge, Oak Ridge, and Tahoe Elementary Schools (see Attendance Area Options, Appendix C).

- **Special Considerations:** This recommendation is impacted by the previous recommendation for the Oak Ridge facility and if implemented would be a second closure in the same community. This site was recently converted from a dependent charter back to a non-charter school in the 2009/2010 school year.

John Bidwell

- **Closure / Consolidation Discussion:** Consolidate John Bidwell facility with Mark Hopkins Elementary (see Attendance Area Options, Appendix C).

- **Special Considerations:** Safety issues could not be adequately addressed.
Middle and High School Recommendations

All 23 middle schools and high schools were initially reviewed by the 7-11 Committee on the basis of capacity, condition and actual operational cost based on enrollment. The original 23 sites were narrowed down to 9 sites receiving the lowest scores based on the Phase 1 criteria (see SCUSD Phase 1 School Criteria Matrix, Appendix A). The Committee then went through a lengthy process of evaluating each of the remaining 9 sites against the other thirteen closure criteria (see SCUSD Phase 2 School Criteria Matrix, Appendix B). This process yielded a recommendation by the Committee to forward to the Superintendent and the SCUSD Board of Education.

Recommendations

The recommendations in order of priority are:

**Kit Carson & Sutter**

- **Closure / Consolidation Recommendation:** Combine Kit Carson and Sutter to maximize facility use of the two sites by removing the boundary line to create one attendance area (see Attendance Area Options, Appendix C). This will better utilize the Kit Carson facility and relieve overuse of the Sutter facility. Savings may be achieved by sharing administration.

- **Special Considerations:** The Committee suggests the sites be renamed “Sutter Middle School East” and “Sutter Middle School West.” Students would be able to utilize the larger Kit Carson sports facilities. Options to be considered are splitting the 7th and 8th grades between the facilities and duplicating program enhancements including GATE.

**West Campus**

- **Closure / Consolidation Recommendation:** Close the West Campus facility and relocate to a larger facility such as the Sacramento High facility.

- **Special Considerations:** West Campus High School has a waiting list and a larger facility would accommodate students on the waiting list. A comprehensive high school facility would provide an improved learning environment for students.

**West Campus & George Washington Carver**

- **Closure / Consolidation Recommendation:** Close the West Campus and George Washington Carver facilities. Co-locate the West Campus and George Washington Carver High Schools to a larger facility such as the Sacramento High facility.

- **Special Considerations:** This recommendation expands on the previous recommendation. Co-locating would fully utilize the Sacramento High facility. This would enhance the sports and arts programs by providing larger facilities.
Potential Re-Use Options for Closed School Facilities

- Expansion of Early Kindergarten programs
- Regional extended day kindergarten center programs
- Expand Child Development programs
- Independent Study programs
- Credit Recovery programs
- Multiple Pathways programs
- Career Tech/Regional Occupational Programs (ROP)
- Autism centers
- Physical/Occupational Therapy centers
- Waldorf-inspired middle schools
- Lease to groups and organizations that are consistent with the District’s Strategic Plan

Other Special Considerations

The Committee recommends the following items are thoroughly vetted before a facility is closed or consolidated:

- Sex offender locations relevant to both schools and safety routes
- Rival gang affiliation and activity
- Schools as center of community
- Drug activity in and around the school
- Cost Benefit Analysis
- Transition plan for impacted schools
- After-action report on number of students that transfer to the re-assigned schools
- Review enrollment for the current school year and enrollment trends
Other District Facilities Recommendations

The Committee reviewed the 10 remaining District facilities and determined the following sites could be declared as surplus:

16th & N facility (1619 N St, 95818)
Florin Technology Center facility (2401 Florin Rd, 95822)
Old Marshall facility (2718 G St, 95816)

Recommended use for these facilities is to lease to groups and organizations that are consistent with the District’s Strategic Plan.

### KEY

**Capacity:**
- Space for 3 or more classes = 1
- Space for 1 to 2 more classes = 2
- Space for no additional classes = 3

**Condition:**
- Red, poor condition = 1
- Yellow, adequate condition = 2
- Green, good condition = 3

**Operational Cost Based on Enrollment:**
- 551+ = 1
- 401 – 550 = 2
- 250 – 400 = 3

### Disclaimers:

1. Middle school and High school capacity does not include the gym.
2. Site condition was based on the Facilities Master Plan.
3. Operational Cost includes general maintenance, custodial supplies, custodial personnel salaries, and utilities (sewer, water, gas, electricity, trash and recycling).
4. Independent charters (excluding SAC Prep) pay for general maintenance expenses through the FUA which agrees on a rate based on the square footage used. SAC Prep pays this as well but they share their site with Freeport. Utilities are billed directly to the charter at cost.

   Members Present: Roy Grimes, Heidi McLean, Lourdes Jimenez, Maria Sullivan, Daniel Torrez
   Members Absent: Carl Pinkston, Michael Shaldone, Juan Torres, Christine Vargas
   Staff: Paul Breckenridge, Tom Lee

2. Purpose
   The 7-11 Committees mandate is to provide recommendations to the Board for school consolidation or closure based on the approved criteria and evaluation process set forth by the Board on December 9, 2010.

3. Ground Rules / Norms
   TL provided an overview of inclusive discussion at meetings and his role as facilitator for the process. During meetings, committee members will be allowed to speak once recognized by TL or the Chair. Process coordination and criteria documentation will occur through the SCUSD Capital Asset Management Services Division with Jim Dobson and Crystal Hoff.

4. Appointment of Committee Chair
   HM recommended that the chair position be discussed and decided upon at the next meeting when more members might be in attendance. The other members concurred.

5. Process Overview
   PB reviewed the process and schedule as outlined in the Board approved documentation and December 9 Powerpoint. Please see attachments.

6. Review of Consolidation / Closure Criteria
   PB provided details on criteria. Capacity is calculated by the number of classrooms as a site and the program contractual capacity. Condition is score is taken from the Facilities Master Plan which is available online at http://www.scusd.edu/OperationsSupport/Pages/FacilitiesMasterPlan.aspx. Actual Operational Cost Based on Enrollment is calculated from cost associated to that site then divided by the number of students at that site. It was noted that the scoring for the operational cost needs to be flipped.
   Questions brought up by committee:
   1. How is capacity calculated?
   2. What programs are at each site?
   3. When was modernization completed?
   4. How much modernization money is remaining?

7. Setting of Meeting Dates
   It was decided that regular Monday meetings would best work for those in attendance. A follow-up email will be sent out to confirm this with absent committee members. Monday, May 9, 5:30 PM is the next meeting. It will occur at the Serna Center in the Indiana room, downstairs, next to the Bistro.

   Adjourned: 6:55 PM
