Comment:	<p>I need for you to listen to what I am saying. My granddaughter is a student at Rosemont HS and she has an IEP. My GRANDDAUGHTER HAS A IEP!!!!, The beginning of the school year 2023, they were giving her the help that she needed. Through out the second semester her grades started slipping away, My daughter and I went to address this with Mr Gibbs and he let my daughter sit there for over 45 min. Never say him. Then cheer came along and the day before school started she way told that she is ineligible and couldn't cheer. I get it if. But, YOU FAILED HER. You did not allow her to have the services she needed to keep her grades up. Again, YOU FAILED HER. And when things started to fall apart its the parents fault. If the parent takes the time to go to the school about their child and the people tell you to hold on have a seat and never showed up.</p> <p>Education is important to me and comes before anything extra. But when you don't give her help with her work but you can keep up with extra curricular actives , I have a problem with that. But just to let you know that the lady that called to say this case is closed, think again</p>

Comment:	<p>I am sending this message due to the situation I went to the FTAT meeting in my granddaughter classroom at 3:30 pm today October 2, 2024 her dad sister shows up which is the aunt when she isn't paperwork at the school not even her dad he lives in Arizona they been giving us problems cause he calls CPS and police falsely to my daughter place and mines saying we abuse her when we don't he trying to get custody of her so he doesn't have to pay child support. When I told Mr. Sam and the teacher the sister is on the paperwork at the school he said legally she can come on the school ground without my daughter permission her dad can't put his self on it due to he doesn't live out here he gets visitation rights during the summer my daughter has the papers she even said the sister isn't allowed on the premises when she might take off the school without my daughter permission when it's kidnapping the school can get sue for that. The principal was disrespectful to me telling I had to leave in a rude way when school wasn't in session the teacher was rude to thinking I was falsely abusing my granddaughter I spoil her it's just that her dad, his sister and rest of family trying to mess with my granddaughter head I remember she was in 4th grade the teacher she had knew the dad was messing her then when she was bleeding her 4th grade teacher knew something wasn't right but the teacher isn't there she left a few teachers did the principal did me wrong in 2023-2024 school year he wouldn't let me volunteer when I was on the senior americorp program which was the reason they took me off cause wouldn't let me volunteer in the program when I was fingerprinted through the school district you suppose to respect your elders he doesn't need to be a principal cause he don't treat older people right. I need to talk to the CEO or president about how the principal don't respect students grandparents even the teacher.</p>
