Approve Cash Flow Report for the Period Ending March 31, 2012

May 17, 2012

I. Overview/History:

School districts in California have suffered devastating reductions in funding over the past several years. Cash reserves for most districts are low and Sacramento City Unified School District is no exception. The continued deferral of state revenues has impacted the district to the extent that staff project a negative cash flow in the General Fund by June 30, 2012. The review of cash flows have become more important than ever. At the January Board meeting, a request by the Board was made to review system generated cash flow reports. Sample reports were brought to prior Board meetings. This cash flow report is brought forward as an information item under the Business and Financial section of the Board agenda. Staff will provide a cash flow report at the second Board meeting of every month.

The report is mostly self-explanatory. Receipts indicate cash that the district has received for the revenue limit, federal, state and local funds as well as transfers in from other funds. Disbursements reflect actual payments for salaries and benefits, supplies and services, capital outlay, interfund transfers out and other financing uses. Assets include accounts receivables which are funds owed to the general fund, prepaid expenditures and other types of assets. Liabilities include accounts payable which are funds that the district owes to other entities and other liabilities. An example of other liabilities is the repayment of the 2010-11 Tax Revenue Anticipation Notes (TRAN) in November for \$50 million. The most important line to focus on is the ending cash bottom line. That reflects whether the district has sufficient cash to meet its needs or if we need to rely on other sources for cash. It has been normal in previous years to have deficits in November and December as the district awaits property tax revenues. Without the 2010-11 TRAN, the district would not have had sufficient cash in the earlier months of 2011-12.

II. Driving Governance:

- Request by Board of Education to receive monthly cash flow reports.

III. Budget:

It is important to note that cash information is not the same as budget information. While the district may have a budget set up for a particular program, and funds may be expended, it is possible that the district hasn't yet received the cash from the granting agency. However, the majority of our cash issues are due to the deferral of state funds, which make up the majority of our overall revenues.

Approve Cash Flow Report for the Period Ending March 31, 2012

IV. Goals, Objectives and Measures:

Provide cash flow information to the Board. In addition, this report provides information related to the need for a borrowing instrument, such as a TRAN as a source of cash. Throughout the discussion of the district's financial plan, staff along with the district's financial advisor from KNN, have closely monitored cash and the Board approved the issuance of a TRAN. The Sacramento County Office of Education reviews cash flow information to ensure that the district is able to pay its bills on June 30, 2012.

V. Major Initiatives:

- Maintain positive cash flow through June 30, 2012.
- Continuous review of financial options available to the district.

VI. Results:

Continuous review of cash flow information will inform the Board and public of cash flow issues.

VII. Lessons Learned/Next Steps:

- Cash flow reports will be provided monthly to the Board as an information item.
